

ALL CLEAR[®]

Spray Tank Decontaminator

- All Clear is a highly effective all-purpose tank cleaner that is specifically formulated to remove pesticide deposits and other debris, including sticky and oily substances from tanks, hoses, booms and nozzles
- Dual mode of action:
 - Surfactant – physically removes residues
 - Degradant- chemically breaks down residues
- Removes phenoxy herbicides and trace elements precipitates
- Cleans emulsifiable concentrates, morpholine fungicides and residual herbicides.
- Ammonia free for operator convenience
- Can be used on all types of sprayers
- 2.5-5.0 L per 1000L
