

Everything Is Clear With

ALL CLEAR®

Keep every application free from residues

All Clear is a highly effective all-purpose tank cleaner that is specifically formulated to remove pesticide deposits and other debris, including sticky and oily substances from tanks, hoses, booms and nozzles.

Advantages of ALL CLEAR:

- Ammonia free
- Easy to use liquid formulation
- Dual mode of action to physically remove residues
- Economical application rate
 - 0.25% vv to 0.5%vv
 - 1 – 2 litres per 400 Litre of rinse water
- Lower pH, safer to the operator
- Non-corrosive, safe on equipment
- Excellent environmental profile

With many chemistry options available today, don't let spray contamination be an issue. Excellent for all herbicides including Glufosinate and Hexazinone, etc.

Package size: 4 x 3.785 L
