

TIEDOWN[™]
HERBICIDE

TieDown[™] Pre-Emergent Group 15 / Group 5
Active Ingredient – S-metolachlor (Group 15)
/ metribuzin (Group 5)

**Pack Size – 10.5 L UPI S – metolachlor & 4.5 kg
Tricor[®] in a case**

BENEFITS:

- Superior weed control versus similar competitors due to increased metribuzin content.
- Two modes of action providing weed resistance management on all types of soybeans (conventional, Roundup Ready[®] Soybeans, LibertyLink[®] Soybeans and potatoes).
- Pre-emergent, residual broadleaf weed control typically results in higher yields due to early weed removal.
- Affordable residual weed control.

Mixing Instructions:

1. Fill the spray tank or nurse tank 1/4 full with water, start recirculation / agitation system.
2. Add recommended amount of Tricor[®] 75 DF Herbicide.

3. Fill tank 9/10 full of water and add UPI S-MET Herbicide.
4. Top off tank with water maintain agitation and spray.
5. Do not let stand without agitation.

Rate – One case treats 20 acres
(0.525 L / acre S-metolachlor &
0.225 kg / acre metribuzin)

Water Volume – 16 Gals / acre

Application Timing –
Apply surface pre-plant or pre-emergent.

Consult seed supplier on tolerance of soybean varieties to metribuzin prior to using.

Pre Harvest Interval –
60 days soybeans and potatoes

Rainfast – N/A

UPI Technical Product Sheet

TIEDOWN™
HERBICIDE

Post Application Notes –

- Rainfall is required within 10 days for herbicide activation or a shallow cultivation or use of a rotary hoe is necessary.
- Do not move treated soil out of the row or move untreated soil to the surface during planting, or weed control will be diminished.
- Do not apply if soybeans have emerged.
- Do not apply on soils with an organic matter content of less than 1% or greater than 10%.
- Soybeans should be seeded at least 4 cm deep or crop injury may result.
- Do not apply at ground crack or if the potatoes have emerged.

TANKMIXES:

glyphosate – for pre-emergent burndown only for use in soybeans only.

MAJOR CROPS:

Conventional NON GMO soybeans,
Roundup Ready® Soybeans
LibertyLink® Soybeans
Potatoes

MAJOR WEEDS CONTROLLED:

cocklebur
lady's-thumb
mustard's
pigweed
lamb's quarter
nightshade
